ASSIGNMENT OF PATENT APPLICATIONS

WHEREAS, Endomed, Inc., a corporation organized and existing under the laws of the State of Arizona (hereinafter, "Assignor") is the owner of the entire right, title and interest in and to the pending patent applications identified in Schedule A attached hereto and all foreign and domestic patents based on said pending patent applications (hereinafter, the "Patent Applications"); and

WHEREAS, IMPRA, Inc., a corporation organized and existing under the laws of the State of Arizona (hereinafter "Assignee"), is desirous of acquiring the entire right, title and interest in and to the Patent Applications in connection with the settlement of litigation between the Assignor and Assignee; and

Assignor authorizes and requests the United States Commissioner of Patents and Trademarks and any foreign patent records office, to record Assignee as assignee of the entire right, title and interest in and to the Patent Applications for sale, use and enjoyment of Assignee, its successors, assigns or other legal representatives; including if applicable, any rights to past damages in connection with such applications.

Assignee shall be solely responsible for preparing and filing all additional documentation, including, but not limited to, the execution and delivery of any and all affidavits, declarations, oaths, assignments, powers of attorney, as may be required to perfect or record the assignments of the Patent Applications with the United States Patent and Trademark Office and equivalent offices and agencies in other countries or political subdivisions thereof.
